Objective

Passionate software engineer seeking to develop applications utilizing sound engineering and thoughtful problem-solving skills.

Professional Experience

Closet America – Project Manager/Engineer   May 2022 – Present

• Created 3D designs and 2D blueprints using CAD software.
• Managed multiple projects, coordinated with vendors, shipments, and deadlines.
• Provided technical guidance to installers to ensure client satisfaction.

Closet America – Senior Installer   Jul 2019 – May 2022

• Installed custom closets, entertainment systems, garages, and storage solutions.
• Utilized hand/power tools, made precise measurements, and operated forklifts.
• Communicated with clients and implemented efficient problem-solving solutions.

Department of Transportation – Personnel Security Assistant   Jun 2017 – Jan 2018

• Processed and tracked security/suitability documents and fingerprints for staff.
• Maintained records, prepared reports, and supported credentialing processes.
• Ensured accuracy and compliance of all background documentation.

Technical Skills

Programming Languages	JavaScript, Golang, Python, HTML, CSS
Frameworks	React, Next.js, Node.js, Tailwind CSS, Svelte
Design & Drafting	Digital and physical drawing, blueprint design

Projects

- Designed a personal website using HTML, CSS, and JavaScript
- Built a React Weather App with OpenWeatherMap API integration
- Created the custom VS Code theme extension named 'sunset-burst'
- Built a Svelte Kahoot! Clone utilizing a Go API linked with a MongoDB database

Education

Penn Foster High School – High School Diploma, GPA: 4.0
